O'Leary Dies From the Effects of the Shot From a Policeman's Gun.

WORK OF AN INCENDIARY

A Cabin and Contents Burned Near Helena—Boy Thieves Arrested at Great Falls—A Miner Killed.

Special to the Standard.

HELENA, Dec. 18.—Early this morning eight stacks of hay were seen burning on John W. Wilson's ranch, near East Helena. The citizens of the suburbs rushed to the fire, but which they were unable to extinguish. They had returned home when an unoccupied cabin on the ranch was seen blazing. Suspecting incendiaryism, they formed in a wide circle and surrounded the cabin in time to discover a young farm laborer, John Gleason, in the vicinity. There were threats of lynching, but good order prevailed and he was taken to the city. He is, perhaps, 20 years old, and has been employed for some time at ranches in the vicinity of Helena. There are said to be suspicious circumstances connecting him with the fire. The hay and cabin were entirely destroyed at a loss of \$1,000.

Daniel O'Leary, who was shot in the neck by Officer Lawrence while escaping from the chain gang, died this afternoon at the Sisters' hospital. The bullet had not been extracted and death resulted from paralysis of the spinal cord. He was 25 years old and leaves a widowed mother in Chicago. He was employed for a time on the Great Northern extension. Just before his death he said he tried to escape from the chain gang because of the disgrace.

GREAT FALLS NEWS.

Boys Arrested for Stealing—Sentenced to the Pen.

Special to the Standard.

GREAT FALLS, Dec. 18.—Three young boys, Patrick Reardon, aged 17; Willie Smith and Andy Crogan, aged about 13, were arrested last night on complaint of the proprietor of the Pioneer hotel, who accused them of stealing two valises belonging to his boarders. The valises were found on the roof of the hotel building and their contents scattered all around. Hans Olsen, proprietor of the hotel, claims to have seen the boys jumping down from the roof, and going there found the valises. The oldest boy denies having been at the place and asked for the summons of two witnesses by whom he says he can prove an alibi. Willie Smith and Andy Crogan are also charged with stealing a variety of goods from the store of Churchill & Webster and other places. Both acknowledged their guilt and showed the place in which they had hidden the goods. The boys belong to a gang of youthful crooks who have infested the city for some time, and will be looked after by the police.

Pat Crogan pleaded guilty to the charge of conveying mortgaged property out of the state, in the district court to-day, and will be sentenced to-morrow.

Thomas Dolan was today sentenced to serve five years in state prison for complicity in the Park theatre diamond robbery case.

Edward Kelly, by request of leading citizens, has consented to allow his name to be used as candidate for alderman First ward, to serve the unexpired term of A. Nathan, resigned. Mr. Kelly is a staunch democrat and prominent citizen.

GUILTY OF BURGLARY.

A Decision in the Noted Missoula Chi- nese Outrage Case.

Special to the Standard.

MISSOULA, Dec. 18.—The case of the State vs. Jonas Fried, one of the men who assisted in the Chinese outrages of Aug. 22, last, went to the jury this afternoon. The jury remained out but a short time and returned a verdict of guilty of burglary in the first degree, and fixed punishment at three years in the pen. Fried was the first of the five tried some time ago and found guilty and was granted a new trial. The Gazette announces editorially to-night that, commencing on Jan. 2, it will be issued as an eight-page morning paper every day except Monday.

MINEE KILLED.

Ben Cox Loses His Life in the Combina- tion Mine at Black Pine.

Special to the Standard.

PHILIPSBURG, Dec. 18.—Ben Cox, a miner employed at Black Pine by the Combination company, was killed by an explosion of powder yesterday morning. He was working in a drift alone, and just how the accident occurred will always remain a mystery. Doctor Heine attended him and found both eyes gone and other portions of his face frightfully lacerated, and bruises all over his body. He died this morning and will probably be buried here to-morrow.

PHILIPSBURG SCHOOL.

Special to the Standard.

PHILIPSBURG, Dec. 18.—The Phillipsburg public school closed to-day for the Christmas holidays, with recitations, singing and other exercises. A great many of the parents of the pupils were present and appeared to be well entertained and much pleased with the progress made by their little ones during the past few months. Without any desire to unduly compliment either the teachers or trustees, it can be truthfully said that the Phillipsburg public school, under the present management, is giving splendid satisfaction to every person in the district who is interested in the school matters.

Troubles Settled.

SAN FRANCISCO, Dec. 18.—The general committee of adjustment of the Brotherhood of Locomotive Engineers, to-day settled amicably with the Southern Pacific company, the grievances complained of on the Salt Lake and Visalia divisions. A compromise was made, both sides making concessions.

Count Von Caprivi.

BERLIN, Dec. 18.—Emperor William made Chancellor von Caprivi a count as a reward for his efforts in the successful establishment of commercial treaties.

LIFE IN SOUDAN.

Terribly Persecuted Christians—No Hope of Escape.

CAIRO, Dec. 18.—More news of the Austrian missionaries, whose arrival at Llorastio, near Wady Hafa, after escaping from the hands of Mahdists, has been received. In an interview at Korosko, Father Ohrwald states 40 Europeans are still held in captivity in Omdurman. These captives, he says, are kept loaded with manacles, often cruelly beaten, and are so strictly guarded that they have lost all hope of being able to effect their escape. The priest says food in Soudan is now cheap. He declares, however, the people are tired of strife and desire the Egyptian government of the country restored. He avers that the dervishes are losing their ascendancy. He says they have a big camp at Fashoda and their position is being strengthened by the possession of a steamer, but they dare not venture far from the Nile for fear of being attacked by the hitherto friendly tribes. Slatin Bey is still alive and belongs to the body guard of Mahdi's successor, but is closely watched.

DEED OF A CRAZY MAN.

He Uses a Revolver With Deadly Effect —Killed Out His Brains.

NEW YORK, Dec. 18.—Michael Harvey, aged 34, who has been in the Flatbush insane asylum for some time, was discharged two days ago as cured, and went to board with Mrs. Catherine Duffy at 183 Van Dyke street, Brooklyn. To-day, while the family were at dinner, Harvey suddenly went insane again, ran to his room, and snatching up a revolver, returned to the dining room and began firing. The first struck John Conner in the head, and he died in a few minutes; the second bullet went through Samuel Dickinson's arm. He made for a window and jumped out. His sister, Mary Dickinson, was hit next, the bullet boring a hole in her arm. She ran out in the hallway crying murder, and Mrs. Duffy, who was in the next room, jumped out of the window, spraining her ankle. While she lay moaning with pain, the fourth and last shot rang out. Harvey had put the pistol in his mouth and blown out his brains. The affair created the most intense excitement in the neighborhood.

LOW RATES THREATENED.

How the Alton Road Proposes to Play Even on an Unfair Deal.

CHICAGO, Dec. 18.—A rate war is about to open up in the Missouri river passenger rates which may spread widely. The Alton road has served notice on the Western Passenger association that unless the short line rates from Kansas City to Cincinnati via Chicago are withdrawn in 24 hours, the Alton would make a reduction of \$2 from Kansas City to Chicago. The Rock Island and Atchison, neither of which has a St. Louis outlet to Southern Indiana and Ohio, are particularly indignant, and the meeting to-day ended with absolute refusal of the Atchison to withdraw the objectionable rate. The Alton asserts the manipulation of these circuitous route tickets by brokers is demoralizing rates. An official of one of the interstate roads said he would not be surprised to see the rate decrease to \$1 from Kansas City to Chicago.

IN SUNNY MEXICO.

Sufferings of the People Not So Great as Depleted.

CITY OF MEXICO, Dec. 18.—Reports from reliable sources in every state of the republic are to the effect that the rumors of great distress caused by the famine and of rioting by the impoverished people, are untrue. In Chihuahua, Durango, Zacatecas, Chiapas and Pototsi the crops failed, causing some suffering, but measures for the relief of the needy have been already taken. There has been no actual starvation reported in any of these states. The federal and state governments and private individuals are importing provisions to supply all needs.

Riddled With Bullets.

LIVE OAK, Fla., Dec. 18.—Just before 12 o'clock last night a mob of about 100 men, armed with rifles or revolvers, called on Sheriff Potsdamer, seized, overpowered and took from him the keys to the county jail, and placing a guard over him, they made a rush for the jail and took from their cells the two negroes suspected of the murder of young Harbore in the streets of Branford last week. The prisoners were bound to trees a short distance from the jail and their bodies riddled with bullets.

Raising the Rate.

MINNEAPOLIS, Dec. 18.—Local insurance agents have received instructions from their home offices that dating from to-day the rates on risks on wholesale mercantile establishments will be advanced from 20 to 40 per cent. This advance is to be general all over the country and is the result of the alarming prevalence this year of disastrous fires in jobbing establishments. The company declares that losses from these fires have more than absorbed all the premiums paid during the year on all classes of risks.

A Devilish Brother.

BRUSSELS, Dec. 18.—A dispatch from Namur says a shoemaker named Vanderavere, for attempting to poison his brother, has been sentenced to death. The evidence showed Vanderavere has murdered three brothers and a sister within the past two years and was preparing to kill off the rest of the family, actuated by a design to get their savings.

Young Field Indicted.

NEW YORK, Dec. 18.—The grand jury to-day returned an indictment against Edward M. Field of the defunct firm of Field, Lindly, Weichers & Co., charging him with forgery in the second degree. The indictment is predicated on the statement made by Bankers Knauth, Nachaud & Kuhne.

A Pennsylvania Quake.

HARRISBURG, Pa., Dec. 18.—A very perceptible earthquake shock was felt in this city and surrounding towns at 8:30 this morning. No damage was done, but houses were shaken as by an explosion.

Treaties Adopted.

VIENNA, Dec. 18.—The commercial treaties committee of the reichsrath to-day adopted the German, Belgian and Irish treaties, 25 to 3 and Italy's treaty 22 to 6.

FEDERATION OF LABOR

Doings of the Delegates to the Big Birmingham Convention.

BACKBONE OF THE NATION

Resolutions Passed Tending to the Betterment of the Laboring Classes—Election of Officers.

BIRMINGHAM, Ala., Dec. 18.—The convention of the American Federation of Labor adopted a resolution at its morning session favoring a woman suffrage amendment to the constitution. The convention refused to adopt a resolution recommending political action on the part of the trades union.

A resolution was passed demanding that no further subsidy be paid to the Pacific Mail Steamship company unless the company discharge all Chinese and Japanese in its service; also a resolution to amend the shipping act of 1890 so as to make vessels liable to damages for cruelty to sailors at the hands of officers.

In the afternoon the constitution was amended so in case of the death of the president the executive council shall temporarily fill the vacancy from its membership, instead of the first vice president succeeding as now. A proposition for the establishment of an organ to be edited by the president was voted down by an overwhelming majority. The committee on rules reported unfavorably the resolution offered by a Michigan delegate, prohibiting the holders of political offices from acting as organizers. There was a long discussion which brought out the fact the resolution aimed at a certain sidewalk inspector. Most of the speakers spoke of the wise laws and great reforms brought about by the working people having their own representatives in the legislature. The convention concurred in the unfavorable report.

Gompers was reelected president, receiving 1,286 votes against 535 for Barth of Wheeling and 13 for Delabar of New York. A motion to make Gompers' election unanimous was objected to by Delegate Harding. Other incumbents were also reelected.

AT LAST.

The Cruel Base Ball War Seems to be Nearing an End.

INDIANAPOLIS, Dec. 18.—The consolidated ball leagues now known as the National league and American association, adjourned at 4 o'clock this morning. The two old organizations held separate meetings this morning, received final reports of committees, terminated their affairs and dissolved. At a meeting that lasted all night Nick Young was elected president, secretary and treasurer of the new league and Cash Phillips was chosen as solicitor. The headquarters will remain as in the old league at Washington. The board of directors were drawn by lots and was composed of members equally from the eastern and western circuits. The members are Brush, of Cincinnati, Von der Ahe of St. Louis, Hart of Chicago, Soden of Boston, Vonderhorst of Baltimore, and Scanlon of Washington. President Young has yet to name the schedule and playing rules committee.

The new league is organized on an iron-clad ten year basis and no club can be dropped without the unanimous consent of the clubs, including the one to be dropped, and a three-fourths vote is necessary to change the constitution.

The 50 per cent. division of receipts was adopted. The admission was made 50 cents for general, and 25 cents for special. The schedule committee will meet the first Wednesday in March in New York.

Louisiana Democrats.

BATON ROUGE, La., Dec. 18.—The Adams, Farmers' alliance and anti-lottery combine convention last night adopted a platform, nominated their state ticket, provided for the appointment of a new state central committee and adjourned sine die. The platform adopted declares allegiance to democratic principles, praises the present state government, and concludes with the declaration of unalterable opposition to lotteries and the adoption of the proposed revenue amendments to the constitution. The combine candidates are now in caucus mapping out a plan of campaign.

The regular democratic convention this afternoon nominated Judge S. D. McEnery for governor, and ex-Governor Robert Wickliffe for lieutenant governor. A recess was then taken until to-morrow.

The democratic caucus to-night made the following nominations: Secretary of state, Leonard F. Mason; auditor, O. B. Steele; superintendent of education, John V. Calhoun; state treasurer, Gabriel Montegut; attorney general, Edgar W. Sutherland. As these nominations will be confirmed to-morrow by the convention the state ticket may be regarded as complete.

Trouble Over Indian Lands.

PIERRE, Dec. 18.—Referring to the recent decision of the interior department that half breeds are not entitled to the rights of Indians, the half breeds assert if this is upheld the necessary number of names was not secured for the opening of the great Sioux reservation at the time, and the opening was illegal. A large number of filings on Indian allotments were made to-day. No serious trouble yet, though some squaw men run the whites off the claims with guns.

For Crested Butte.

DENVER, Dec. 18.—Troops have been ordered to Crested Butte, and will leave as soon as possible.

Later—No foundation is known for the report current to-day that troops were ordered to Crested Butte; on the contrary, reports to-night show the strike there is nearing the end.

A Game Keeper Murdered.

DUBLIN, Dec. 18.—A game keeper named Merrigan, in the service of Colonel Close, was found murdered in the woods near Maryborough, Queen's county, to-day. He was shot in the back of the head, while setting a rabbit trap.

CABLED FROM LONDON.

Trouble Between France and Bulgaria— Other Affairs.

LONDON, Dec. 18.—The rupture of diplomatic relations between France and Bulgaria on the pretext of the expulsion of the French journalist Chadouine, now proves to be the initial step of the French diplomatic scheme to ask the sultan to use his suzerain rights to interfere in Bulgaria in Russia's interest. This development is no surprise to Lord Salisbury and his diplomatic allies in Vienna and Berlin. The Austrian government is probably acting in concert with Lord Salisbury and von Caprivi, supported by the Bulgarian bureau. The St. Petersburg *Derwesti*, after suggesting that it is possible France, failing to obtain satisfaction, may blockade Bulgarian ports, says Russia will protest against the appearance of French ironclads before Varna or Bourgas. If Ribot's policy results thus, the peace of Europe is over.

As a counter-check to the liberal game played to win over the rural districts, the executive of the conservative association has arranged a series of agricultural conferences. Mr. Chaplin, having got the promise of the treasury for five millions to be used in beginning the operation of his land scheme, can effectively induce some rural support. Conservative organs are trying to educate the British public into the approval of the parliamentary grant raising the income of the recently affianced Duke of Clarence and Avondale to £25,000 yearly. The queen, it is understood, will not consent to open the coming session of parliament unless the cabinet assents to taking the risk involved in bringing forward the proposal. The ministers are unwilling to go further than to propose a dowry for Princess Victoria Mary, or an annuity of £5,000 as a marriage settlement. The radicals will agree to a moderate dowry, but to no further grant, and if the government ventures to ask for a special provision for the duke, the opposition vote is reckoned at 200 against the measure. This will take cordiality out of the grant.

OUT ON A STRIKE.

Operators of the Northwestern System Have Cause to Complain.

OMAHA, Dec. 18.—An order was sent out yesterday to telegraph operators working for the Fremont, Elkhorn & Missouri Valley road notifying the men that they must leave the Order of Railway Telegraphers or leave the services of the company. This morning the superintendent of the road received a reply of several of the men refusing to obey the order and trouble is expected. Chief Thurston of the railway telegraphers has been notified and the matter will be brought before the local lodge to-night. It is said similar orders have been sent to all men employed on entire Chicago & Northwestern system.

It was rumored this afternoon that the strike was ordered on the Elkhorn, but Superintendent McFarland reports the men all at work, and no signs of trouble. Local officials of the Telegraphers' brotherhood say the officers of the local lodge are satisfied that the Northwestern contemplates general warfare on the order. They say organized telegraphers will stand by each other and if members are discharged, a strike will be ordered.

BONNEY'S SCHEME.

He Will Enlist the Power of the Muses in the World's Fair.

CHICAGO, Dec. 18.—President Bonney of the world's fair auxiliary has mapped out an unique and comprehensive literary scheme in connection with the world's fair congresses. He has sent invitations to famous men of letters of all countries asking them to prepare especially for the congresses some contribution of prose or verse. It is expected to have songs and verses from the ablest of Asiatic, European, Australian and American writers.

The Great Lakes.

DETROIT, Dec. 18.—When the deep waterways convention reassembled this morning the committee on resolutions introduced a memorial to congress urging that body to authorize the immediate commencement and speedy completion of an unobstructed channel, not less than 20 feet in depth and of sufficient width through the lakes and their connecting waters between Chicago, Duluth, Superior and Buffalo.

Rejected the Treaty.

WASHINGTON, Dec. 18.—The bureau of American republics is informed that the congress of Bolivia, by a majority of one vote, rejected the treaty made with the new government of Chili. In this, Bolivia granted Chili the exclusive and perpetual right of sovereignty over the province of Colcha, which has been in possession of Chili since the war with Bolivia and Peru in 1881.

Was a Bold Thief.

PITTSBURGH, Pa., Dec. 18.—About 10 o'clock to-night, as William Wilson was preparing to close his jewelry store in Fourth avenue, a thief fastened the door on the outside, smashed the window with a coupling pin, seized a tray of diamonds containing \$3,000 worth, and escaped.

Motion for Nonsuit Sustained.

SPECIAL TO THE STANDARD.
BOISE CITY, Idaho, Dec. 18.—In the case of Gilpin vs. the Sierra Nevada Mining company, for \$300,000 damages, a motion for nonsuit made by counsel for the defense was sustained.

General News Presided.

LONDON, Dec. 18.—Gen. John C. New, United States consul general, presided at the annual banquet of the association of foreign consuls last evening. Members of the London corporation and other prominent persons were present.

Receiver Appointed.

WASHINGTON, Dec. 18.—The comptroller of currency to-day appointed Frederick N. Pauly of Los Angeles receiver of the California National bank of San Diego.

Shot to Death.

MERIDIAN, Miss., Dec. 18.—The negro who assaulted Mrs. Baughen Wednesday was taken from the sheriff's posse last night and shot to death.

Tackled the King and Queen.

COPENHAGEN, Dec. 18.—Both the king and queen of Denmark are suffering from influenza.

ONLY A WOMAN'S WILL

How a Sensation Was Created in the Blaine Divorce Case.

SHE TALKED AS SHE WISHED

A Friend of the Wife of James G. Blaine, Jr., Astonishes the Son of the Noted States- man.

NEW YORK, Dec. 18.—A very dramatic incident enlivened the Blaine divorce proceedings in progress at the office of Referee Lord yesterday. Mrs. James G. Blaine, Jr., arrived with her friend, Mrs. Ogden Doremus. She did not know that the law gave her husband the right to be present. When she saw him there, though she had not met him since she bid him good bye at Bar Harbor three years ago, she controlled her surprise so well her companion never suspected the man who rose as they entered was the person in question.

During the proceedings Mrs. Doremus got into such a state of mind that she looked around for some sympathetic person. To the person next to her she said: "The man in this case is a scoundrel and a paltroof."

"Do you know whom you are talking to?" snapped the individual addressed.

"No," she replied.

"Well, I am Mr. Blaine."

Mrs. Doremus flushed slightly and then continued quietly and with increasing emphasis: "I did not know you were Mr. Blaine when I spoke but I repeat now, a man who would abandon not only his wife but his innocent child at the dictates of his father and—"

"Don't mention my mother's name," burst in Blaine.

"Since you have mentioned it," calmly continued Mrs. Doremus, "I will add, or his mother, is a paltroof and a scoundrel."

Blaine had nothing handy to reply and the passage at arms came to an end.

INDIGNANT CANADIANS.

Trouble in the Political Circles Across the Border.

QUEBEC, Dec. 18.—Monster mass meetings are being organized by liberals throughout the province. The police are in readiness to march to the official residence of the lieutenant governor to protect it against any hostile demonstrations that may be made.

The citizens of St. Roche and St. Lawrence especially are boiling with indignation. Mercier has made public his views on the political situation and published correspondence between himself and the lieutenant governor, and the interim report of the royal commission. This report regrets that certain correspondence was not produced, and concludes that it is not proved that Mercier knew of the existence of a bargain between Armstrong and Pacaud, and the gentleman declares he was benefited in no way thereby. It is signed only by Judges Baby and Davidson. Mercier, in his final reply to the lieutenant governor, tells the latter he has had the audacity to do what the queen would never dare to do in England without provoking a revolution. Good citizens say he must admit there is a limit to tyranny, and a man, though he may have been prime minister, is not a slave. Mercier characterizes the report as that of two partisans from whom you have dragged unjust and unfounded opinions, altogether informal and without legal value, containing gratuitous insults to your ex-minister, supported by a great majority of the legislature." Mercier charges the lieutenant governor with a personal and autocratic government which having carried out one of the most odious conspiracies ever entered into against the constitutional liberties of a free people. He taunts the governor with a desire to place power in the hands of political friends against all rules of decency, and with trampling under foot the dignity of the crown. The governor's conduct, he says, puts political institutions in jeopardy. He refers to the Pacific scandal and charges the governor with supporting the then guilty ministers.

"To-day," says he, "you obey the will of Federal Prime Minister Abbott, who was himself a distributor of this bribery money to the ministry. I will try to undo your nefarious work with the assistance of my colleagues and political friends."

In closing Mercier says: "You will shortly receive from Abbott, your master, the price of your national treachery, and I shall go before the people and receive a new mandate which will enable me to resume the position from which you have driven me."

Too Tough to Die.

SPECIAL TO THE STANDARD.
MOSCOW, Idaho, Dec. 18.—The condition of the Andrews boys, who were shot Wednesday night, remains about the same as reported last night. Gerald is progressing nicely, but Will's condition remains critical. The bullet lodged in his groin, and will be allowed to remain, as no ill results will arise.

Fatal Collision.

TAMARAND, Pa., Dec. 18.—A collision between two freight trains in a tunnel on the Reading road near here last night, resulted in the fatal injury of Engineer Fisher and the painful wounding of a few other trainmen.

McKinley Improving.

CANTON, Ohio, Dec. 18.—There is great improvement in the condition of McKinley to-day. He is not able to see callers yet, however.

Noted Divine Dead.

LONDON, Dec. 18.—The Right Rev. Edward Harold Browne, D. D., bishop of Winchester, is dead.

Two young men near Los Angeles, Cal., are rapidly making a fortune slaying coyotes. Last April they were not worth \$50, but now they have \$5,000 to their credit in bank, and they are adding about \$150 a week to their deposit. At \$5 a scalp there is more money in trapping and shooting coyotes than in growing grain or fruit.
